尽量保存在原包装中, 避光避潮, 远离化学品及尖锐物体, 避免磨损。

帽壳使用寿命:

不使用仅保存, 质保期为自生产日期起的 5 年, 产品寿命是参考值且取决于产品的正确使用。

Operating instruction for bump cap

Product description	Bump Cap	Customized Logo Bump Cap
Product type	TF0401	TF0402

**Note:**

This is a lightweight bump cap that cannot be substituted by any industrial safety helmet.

This bump cap cannot defend against falling objects. For the sake of your personal safety, please read this operating instruction carefully before use.

Operating instruction:

This bump cap is used to protect your personal safety, so it is recommended to carefully check it for cracks, brittleness or damage before each use. If any, please replace it immediately for effective protection. When wearing this bump cap, ensure that the visor is forward and adjust the cap to fit the user's head circumference.

Cleaning/care instructions:

The inner shell can be cleaned and disinfected using a piece of cotton cloth moistened with neutral solvent of low concentration and air dried. Outer shell: Do not wash it with corrosive or abrasive materials. Dry cleaning, detergents and spin-drying are prohibited.

Storage instructions:

Store it in original package, away from light, moisture, chemicals and sharp objects so as to avoid wears.

Shell life:

5 years according to the manufacturing date. Product life is a reference value and depends on the right use of the product.
